RP306 Data Repeater

High/Low Power LED Data Repeater

The RP306 is a purpose designed LED data repeater capable of driving 12 or 24V DC LED's. The RP306 can drive wall washing, spot lighting or low power RGB strip such as FlexLed SMT RGB.

Specifications

Input Voltage	12/24 V dc
Connections	Screw Terminal
Ambient Temperature	-20 to +50 Degrees Centigrade
Output Current	15A (5A per channel)
Output Voltage	12/24 Vdc
Dimensions	165mm x 40mm x 27mm
